UNITED STATES OF AMERICA ECONOMIC COOPERATION ADMINISTRATION SPECIAL MISSION TO AUSTRIA

November 19, 1948

Mr. Averell Harriman, U. S. Special Representative, Economic Cooperation Administration, Hotel Talleyrand, Paris, France.

Dear Averell:

On the point of departure from Vienna, I want to record with you my appreciation of the services rendered me in this Mission over the last few weeks by Mr. Howard Hunt, Information Officer, temporarily assigned here from your staff.

Hunt has not only carried the duties and responsibilities of Information Officer, pending appointment of Mr. Wilson to that post, but he has, additionally, carried a large load for me in connection with the Ross murder incident. He has acted as a personal aide, to all intents and purposes, at a time when, understaffed as this Mission is, we were faced with a concentration of witally important work in connection with our normal Mission operations.

I think Hunt has shown a broad-gauged grasp of what ERP is, what ECA is, and what Information work in behalf of both should be. Besides this, he is the right kind of person to have in this great ECA undertaking. I hope you will be able to keep him and to give him opportunities to express his abilities fully.

Sincerely,

Westmore Willcox Chief of Special Mission

Westwore Wil

SUBJECT:

PERSONNEL QUALIFICATION QUESTIONNAIRE

- 1. The Agency is currently revising the system for machine coding employee qualifications, thereby permitting more complete and accurate data on all personnel. The new system will aid in implementing Agency policies on promotion from within by facilitating the selection of personnel with desired education and experience for vacancies which may occur. It is also expected that the new system will provide readily accessible statistics for planning and management purposes.
- 2. The attached questionnaire is designed to cover adequately those factors in which the Agency is interested. Although the information is, in a large measure, already reflected in previous forms submitted by you, it is felt that your time within the organization may enable you to emphasize those qualifications pertinent to its needs. The questionnaire also serves to bring your education and qualifications record up to date.
- 3. Your cooperation is requested in completing the questionnaire as thoroughly and accurately as possible and returning it to your Administrative Officer within the time allotted.

MINORARDUM FOR: E. Howard Hunt, DDP/EUR/CA

SUBJECT

: Service Computation Date

In your semo of 24 February 1969 to the Director of Personnel you requested a classification of your Service Computation Date, since various records had indicated three different dates. The date should be 7 September 1944.

This date reflects the following service:

## Economic Cooperation Administration-

17 May 1948 - 08 June 1948 22 days Foreign Service-

09 June 1948 - 19 February 1949 - 08 mo., 11 days

#### U.S. Maval Reserve-

19 August 1940 - 13 October 1942 · 02 yr., 1 mo., 25 days U.S. Army-

06 October 1943 - 08 January 1946 02 yr., 3 mo., 3 days

## Agency (Staff and Contract)-

08 November 1949 to Present

Total non-Agency time amounts to 5 years, 2 months and 1 day. When this time is subtracted from your Agency EOD date the result is 7 September 1944.

The confusion has resulted from conflicting dates arrived at in previous attempts at classification.

This office is charged with arriving at SCD's for leave purposes. Prior to your retirement the Retirement Operations Branch will obtain records from the Civil Service Commission verifying that service which is creditable for retirement purposes.

PERIOD UNDER REVIEW

22 June 1968 - 31 March 19689

MONTHS UNDER MY SUPERVISION:

OVER-ALL RATING

Strong

- 1. Mr. Hunt took on his present duties as EUR/CA in July 1968. His performance in this position has been consistently Strong.
- 2. From the period of his previous assignment to EUR's Special Activities Staff, Mr. Hunt has made a substantial contribution to the refinement and recasting of CA operational concepts which has been underway in the Division since the termination over the past two years of many long established projects. He has a fine political sense and a sound grasp of European realities and evolutions. While concerned with the role and methods of political action, his mind is essentially operational, imaginative, and perhaps at its happiest in the recognition of opportunities and the stimulation of specific action in the field. In both these areas he has shown a power of original thought, persuasiveness in presenting his views, and persistance and vigor in helping get action underway.
- 3. There are three primary areas in which Mr. Hunt has played an important role in the Division's business. The first is in providing consistent staff assistance to Branches and Stations in the conduct of on-going CA action, and the modification and relocation of certain activities of concern to the Scnior Staff and other divisions. He has brought to this work a balanced view of Division and Senior Staff equities, an excellent awareness of realities in the field and of the practical limits imposed by the field priorities, manpower, and the requirements of security.

- 4. Secondly, Mr. Hunt has carried with him from SAS a continuing participation in the work of that staff in its two aspects: the countering of Soviet political action and a reawakened and redefined concern with Communist Party operations. He has contributed to the definition of these interests and worked closely with the Branches in identifying opportunities. Neither of these areas are of a nature that has made for prompt common understanding between Headquarters and the field. Mr. Hunt's TDY's have been of major assistance in furthering this understanding.
- 5. Thirdly, Mr. Hunt has assumed a particularly important role in responding to requirements for memoranda, studies and suggestions which the Division has been asked to produce since the beginning of a new national Administration in January. Intimately coupled with this is direct support to the Chief of the Division in the latter's participation in the Interdepartmental Group, and the analyses and studies which have derived from that participation.
- 6. In all these duties, Mr. Hunt's performance has reflected sagacity, balance, and imagination. He has had, to his credit, the advantage of excellent give and take with the Division's branches and a sound knowledge of branch people and capacities. He has drawn with equal effectiveness upon a broad range of personal associations in other divisions and senior staffs, and upon a deep experience of the mechanics, nuances and occasional delicacies of getting business done at Headquarters.
- 7. In summary, Mr. Hunt's has been the performance of a very competent, tough-minded senior professional in a period which has somewhat changed the nature of the CA officer's duties within the Division.

Pear Mr. Hunts

It is the practice of the Organization to follow up with former employees six months after their retirement. We hone by such insurive to obtain information on what our retirees are doing and where they are located, invite suggestions for improving the retirement program and to learn if the Organization might be of some assistance on any post-retirement matters.

We should like very much to hear from you on the above points and on any other topics you think would be useful to

For your commence in replying, we have enclosed a sheet somewhat akin to a form on which we have listed those standard items of information we'd like to have on every retiree. The remainder of the sheet, including the reverse side, is for your comments and suggestions. We shall be most appreciative of your fullest response to this inquiry.

CENTRAL INTILLIGENCE AGENCY

Career Profile

of the Central Intelligency Agency. My foreign assignments have been in Europe, Latin America and the Far East where my duties involved the collection, evaluation, and reporting of high priority intelligence in the national interest. This intelligence information related to the economic, political, social and military aspects of nations and regions where I was located. During two crisis periods I was a senior member of special task forces organized to confront the crises, and took part in White House conferences. At other times I have served as a regional trouble-shooter.

Abroad I have dealt and negotiated with senior officials including Presidents of foreign nations and members of their Cabinets.

In Washington I have represented CIA at high levels of our government including the Psychological Strategy Board, Operations Coordinating Board and Interdepartmental Groups chaired by the Assistant Secretary of State. I have had extensive responsibilities for the development and review of large-scale budgets, and for their successful presentation.

I have also had broad experience in dealing with key non-governmental figures in the United States and alroad, including major corporate and industrial personalities at the highest level.

## REVIEWING OFFICER'S COMMENTS:

Although I would not differ from the evaluative comment on this officer, I would be inclined to rate his over-all performance as highly PROFICIENT rather than Strong, in view of his broad experience and grade. This officer has had a series of personal and taxing problems, beyond his control, which have tended to dull his cutting edge just enough to be noticeable.

NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position keeping in preced perspective their relationship to overall performance. Since suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position, Amplify or explain ratios given in Section B to provide best boss for desembling future personnel action. Manner of performance of managerial or expensively duties must be described, if applicable.

Mr. Hunt continued to direct the propaganda activities of the BO pivilion

Mr. Hunt continued to direct the propaganda activities of the DO Division in a superior professional manner until 12 October 1964, when he was incapacitated by illness. On his return from sick leave on 7 December, he was detailed to the Office of the DD/P and officially transferred to that office on 28 February 1965. DO Division can only view this transfer with considerable regret.

Mr. Hunt, by virtue of his personal background, has a unique flair and competence in the propaganda field. Over and above, but complementary to these special skills, his extensive experience in the CS, his sound judgment, high and creative intellect and other commendable personal qualities contributed significantly to the successful prosecution of DO's efforts in the media field. These same attributes, attest, in my judgment, to his suitability for employment as a Station Chief or in any other position requiring broad knowledge of and skill in the CS business. He is very cost conscious and an effective supervisor. He enjoys the respect of all personnel under his supervision, official and non-official, as well as that of all his co-workers in the Division and Station.

### MEMORANDUM IN LIEU OF FITNESS REPORT

SUBJECT

Howard E. Hunt, GS-15, Employee Number 013842, DOB: October 1918; EUR/CA; Career; Service Designation: D

PERIOD UNDER REVIEW

22 June 1968 - 31 March 19609

MONTHS UNDER MY SUPERVISION: 7

OVER-ALL RATING

Strong

- 1. Mr. Hunt took on his present duties as EUR/CA in July 1968. His performance in this position has been consistently Strong.
- 2. From the period of his previous assignment to EUR's Special Activities Staff, Mr. Hunt has made a substantial contribution to the refinement and recasting of CA operational concepts which has been underway in the Division since the termination over the past two years of many long established projects. He has a fine political sense and a sound grasp of European realities and evolutions. While concerned with the role and methods of political action, his mind is essentially operational, imaginative, and perhaps at its happiest in the recognition of opportunities and the stimulation of specific action in the field. In both these areas he has shown a power of original thought, persuasiveness in presenting his views, and persistance and vigor in helping get action underway.
- 3. There are three primary areas in which Mr. Hunt has played an important role in the Division's business. The first is in providing consistent staff assistance to Branches and Stations in the conduct of on-going CA action, and the modification and relocation of certain activities of concern to the Senior Staff and other divisions. He has brought to this work a balanced view of Division and Senior Staff equities, an excellent awareness of realities in the field and of the practical limits imposed by the tield priorities, manpower, and the requirements of security.

Section

- 4. Secondly, Mr. Hunt has carried with him from SAS a continuing participation in the work of that staff in its two aspects: the countering of Soviet political action and a reawakened and redefined concern with Communist Party operations. He has contributed to the definition of these interests and worked closely with the Branches in identifying opportunities. Neither of these areas are of a nature that has made for prompt common understanding between Headquarters and the field. Mr. Hunt's TDY's have been of major assistance in furthering this understanding.
- 5. Thirdly, Mr. Hunt has assumed a particularly important role in responding to requirements for memoranda, studies and suggestions which the Division has been asked to produce since the beginning of a new national Administration in January. Intimately coupled with this is direct support to the Chief of the Division in the latter's participation in the Interdepartmental Group, and the analyses and studies which have derived from that participation.
- 6. In all these duties, Mr. Hunt's performance has reflected sagacity, balance, and imagination. He has had, to his credit, the advantage of excellent give and take with the Division's branches and a sound knowledge of branch people and capacities. He has drawn with equal effectiveness upon a broad range of personal associations in other divisions and senior staffs, and upon a deep experience of the mechanics, nuances and occasional delicacies of getting business done at Headquarters.
- 7. In summary, Mr. Hunt's has been the performance of a very competent, tough-minded senior professional in a period which has somewhat changed the nature of the CA officer's duties within the Division.

Chief of Operations European Division

I certify that I have seen the above fitness report.

## REVIEWING OFFICER'S COMMENTS:

Although I would not differ from the evaluative comment on this officer, I would be inclined to rate his over-all performance as highly PROFICIENT rather than Strong, in view of his broad experience and grade. This officer has had a series of personal and taxing problems, beyond his control, which have tended to dull his cutting edge just enough to be noticeable.

Deputy Chief,

State suggestions made for improvement of work performance. Give relationship to the training. Comment on foreign language competence, if required for current position. Amplify or explain rating the approximation of provide best basis for determining future personnel action; manner of performance of managerial or supervisory during apply applicable.

SECTION C

Mr. Hunt is an officer with real ability, creative and makagemial. During the period under review, he has done a great deal to tighten up the operation of his shop. The amorphous aspects of some projects he inherited have been eliminated or cut down to size. He has a pleasant and engaging personality and a broadly based background.

If there are any areas of weakness in his performance it is only because his potential is so considerable. For example, it is possible that the staff and planning aspects of his job could receive more attention although, admittedly, there is a large grey area between the responsibilities of the CA Staff and the responsibilities of DODS in this respect.

WASHINGTON, D.C. 2000

6 May 1971

Mr. Howard Hun: 11120 River Road Potomae, Maryland 20054

Dear Howard:

I have taken so long in anowering your letter of April 5th because of the careful consideration given to your request by all concerned, particularly as we have not had tail problem before.

I am sorry to tell you that our answer is in the negative, although we have taken every approach we can think of to comply with your wishes. Very simply, the problem is as follows:

The statute states --

At the time of retirement, any married participant may elect to receive a reduced annuity and to provide for an annuity payable to his wife or her husband, commencing on the date following such participant's death... (emphasis added).

Our regulation on the subject repeats the language of the statute above and in addition states --

A participant may not change his election under this provision . . . .

We considered the possibility of a waiver of the regulation but ran into another problem here. The act specifically provides that the Director may prescribe rules and regulations but continues with the language that, "buch rules and regulations fare," to become effective after approval by the chairman and ranking minority members of the Armed Services Committees of the Mouse and Senate. The regulations as presently exacted were specifically reviewed by those Committees and approved in their present form.

Looking back into the legislative history of the det, we believe it is clear that the Committees desired our net to conform as closely as possible to Civil Service retirement, which definitely would not permit a change of election after retirement. There does not appear to have been any administrative error or misunderstanding at the time you retired and made your election, therefore, we have been unable to find any basis for making the change you request.

I think you know me well enough to agree that I like to stay as flexible in the law as I possibly can, but this seems to be one case where we are bound by specific provisions with no leeway to meet the requests of individual employees.

Sincerely

Lawrence R. Houston

HOWARD HUNT

11120 RiverRoad, Potomac, Maryland 20854., May 12, 1971.

The Honorable Lawrence R Houston, General Counsel, The Central Intelligence Agency, Washington, D. C. 20505.

Dëar Larry:

I thoroughly appreciate the thought and study you gave my problem, and while your findings are disappointing to mo, I must regard them as definitive.

Reflecting on the statute, however, I find myself wondering whether such irrevocable limitation on personal choice is, first, in the public interest, and second in the interest of annuitants whose personal circumstances and civil status are subject to unanticipated change. This could be the subject of an interesting class action challenge in which, I imagine, more than a few annuitants would be eager to join.

All that aside, I'm most grateful for your efforts to help me once again.

Cordially

House

## MEMORANDUM FOR THE RECORD

SUBJECT:

Mr. E. Howard Hunt

I. On 21 June 1972 Mr. Robert Tegetholf, INR, Department of State, informed Mr. James Franklin, Chief, CCS/OCB, that the Department of State had received press inquiries in regard to Mr. E. Howard Hunt's service with the Department of State. INR had arranged for withholding any Department of State replies until CIA had been consulted. Mr. Hunt's cover record showed that he was in integrated Department of State status in Mexico from 1950 until 1953 and in from 1957 until 1960. He also had nominal domestic Department of State cover from 1966 until he retired in 1970. Upon retirement, Mr. Hunt was "opened up" as a CIA employee back to EOD in November 1949.

- 2. In the absence of both Messrs. Osborn, Director of Security, and Geiss, Deputy Director, I discussed the State Department request with Mr. Leo Dunn, Acting Deputy Director of Security for Personnel Security. He concluded that everything considered, the Department should say that Mr. Hunt was assigned to the Department while in integrated status but, when pressed, not deny his basic CIA status. While trying to clear this line with the ADDP, Mr. Geiss called and at the end of our discussion, cautioned that any guidance to the Department of State in regard to Mr. Hunt should be cleared with the DCI.
- 3. I then talked to Mr. Sam Halpern, EA/DDP, to determine the whereabours of Mr. Meyer. He recommended that I talk to both Messrs. Meyer and Colby who were in the OPPB think tank.

- 4. As I was leaving my office, Mr. Togethoff called Mr. Eranklin a second time to say that in the evening of 20 June 1972, Mr. John King, Department of State's Press Office, and Mr. John Unumb of CIA had discussed press inquiries in regard to Mr. Hunt which were made to the Department of State in the afternoon of 20 June 1972. These inquiries had particular reference to Mr. Hunt's blography in WHO'S WHO IN AMERICA showing him as Department of State employee since 1968 and listing his office at the Department of State. Messra. Unumb and King agreed the press should be informed that he was not on the State Department's payroll during the period. Mr. Unumb confirmed this arrangement when I called him and said that he had added that Mr. Hunt retired in good standing from CIA in April 1970. I also cleared the proposed guidance with Mr. Ted Shackley, Chief, WH Division.
- 5. I then saw Mess rs. Colby and Meyer, outlined the Department of State's request and our proposed reply that Mr. Hunt, during his integrated service in Mexico and was assigned to the Department of State. This information would not be volunteered by the Department of State, and Mr. Hunt's basic status as a CIA employee would not be denied if raised by members of the press. Mess rs. Colby and Meyer agreed that this was the only feasible line to take. I then asked Mr. Colby whether additional clearance from the DCI was required. He replied that it was not, and that he would brief the DCI.
- 6. I informed Mr. Geiss of Messrs. Colby's and Meyer's decision and then called Mr. Tegetboff and provided him the agreed guidance.

Attachment to Fitness Report of Howard Hunt 31 March 63 - 31 March 64

Section C (Continued)

Special mention should be made of Subject's objectivity and integrity in carrying out his responsibilities. These were best demonstrated when he promptly and swiftly terminated a large and effective radio broadcasting project, to establish which he and his subordinates had labored hard, immediately upon belated discovery that insuperable, practical obstacles precluded realization of the project's theoretical potential.

Subject's professional background has attuned his constant attention to FI operational opportunities arising in the course of his current CA activities, a practice consistent with his habit of seeking maximum benefit for every dollar spent in time, effort or cash.
